

Please do not disturb the Wisconsin "Do not call List" It is such a blessing to not have to answer the phone for some Telemarketer when they usually call at anytime of the day or night. I am retired and the peace and quiet is what makes my retirement so enjoyable. Having worked for the Telephone industry for 30 years, I know how 99% of the people feel about getting these obscene (and I do mean obscene) phone calls. Please do not interrupt my quality of life as it had been once before. Thank You Ron Dexheimer
